

Contacts

If you wish to learn more of the Chaplaincy or to be in touch with a chaplain for any reason, you are welcome to contact us.

Phone:

01392 354912

(Airport Information Desk– they will contact a Chaplain for you)

E-mail:

chaplains@exeter-airport.co.uk

Website:

www.exeter-airport.co.uk

All the chaplains operate on a voluntary basis.

An Airport Prayer

God our Father, watch over all who work in this Airport and those who travel through it;

To those who work here give integrity and a spirit of service;

To those who travel through give serenity and confidence amid the stresses of travel;

And hold us all in your peace; through Jesus, Christ our Lord.

***“Airport of Choice
in the South West”***

The Worker and The Traveller

The Chaplaincy sets out to serve the needs and interests of those employed at the Airport and those who travel through.

We shall visit the airport on a regular basis and so become available to all employees as we move around the site.

We shall be available to passengers as opportunity allows and can always be called in to meet a particular need or situation.

Churches Together in Devon

This grouping of all the major churches of the immediate region is sponsoring the chaplaincy and individually the chaplains come from several different denominations which are members of Churches Together in Devon.

The Role of The Chaplains

We represent all the Christian Churches of the area and do not set out to be advocates of any one denomination. We respect other faiths and the freedom and integrity of people in following them.

We can make links with leaders of other faiths and with all parts of the Christian Church.

Chaplains visit sites around the Airport on a regular basis and seek to develop relationships of mutual confidence with people at all levels of employment.

I.A.C.A.C.

We have links with other airport chaplaincies throughout the United Kingdom and Ireland, and around the world we are in touch with others through the International Association of Civil Aviation Chaplains.

The Aims of The Chaplaincy Team

Our aims are:

- to understand the work people do and some of the opportunities and issues that arise in work;
- to understand the nature of the community that grows up around a place of work and the kind of society to which it contributes;
- to respond to those in the light of Christian faith;
- to be available to meet the needs of passengers;
- to be available to individuals and groups throughout the Airport;
- to encourage local churches to take a lively interest in the world of work and in the activities of the Airport in particular.
